PROFESSIONAL EXPERIENCE

BERNARD DUMAS – LEAD FULL-STACK DEVELOPER (FREELANCE) January 2025 – Present

- Design, development, deployment and maintenance of a highly customizable real-time dashboarding tool. (*Angular*, *NestJS*, *PostgreSQL*, *Docker*)
- Implementation of a microservices architecture.
- Added machine learning features. (*Python*, *FastAPI*)
- Technical mentoring of a developer on part of the project: code reviews and technical support.
- Set up automated end-to-end tests to ensure the reliability of core features. (*Playwright*)
- Wrote technical and functional documentation for the client.

AMILTONE – FULL-STACK DEVELOPER September 2023 – Present

Competence center for CBA Informatique Libérale - 1 year

Goal: continuous improvement of the MILO mobile and web app. (*Angular*, *Ionic*)
Highlights:

- Initiated a new frontend architecture that makes adding features simpler.
- Rebuilt the calendar with significant performance gains: 90% faster loading.

Service center for Data New Road - 1 year

Goal: turn the legacy application into a white-label product and fully rewrite it in Angular 19.
Highlights (*Angular*, *NestJS*):

- Rebuilt the form system and added real-time updates via SSE.
- Developed the signature microservice.
- Developed a CSV reference-data import system with fine-grained error handling.

Development for various clients: APRR, B2PWeb (*Angular*, *NodeJS*, *MongoDB*) - 1 year
Contributed to the internal design system and starter kits - 3 months

SKILLS & LANGUAGES

Programming languages
TypeScript, JavaScript, Java, Python, PHP, C#, C, C++, HTML/CSS, PostgreSQL, MongoDB.

Frameworks - Tools
Angular, Spring Boot, NodeJS, NestJS, TypeORM, Vue.js 3, Ionic, Playwright, Docker, Git, Appwrite, Codex, Ollama.

Languages & Expertise
English TOEIC 975 (C1 level), agile methodology (SCRUM), machine learning knowledge, microservices architecture, clean code, automated testing.

EDUCATION

MASTER'S IN ENGINEERING: COMPUTER SCIENCE - UNIVERSITÉ SAVOIE MONT BLANC 2019 – 2024
INTEGRATED BACHELOR-MASTER TRACK

BSC (HONS) IN COMPUTING IN GAMES DEVELOPMENT – DUNDALK INSTITUTE OF TECHNOLOGY 2022 – 2023
ERASMUS – IRELAND

BACHELOR'S DEGREE IN COMPUTER SCIENCE - UNIVERSITÉ SAVOIE MONT BLANC 2019 – 2022
